

COUNCIL ROCK SCHOOL DISTRICT

ADMINISTRATION & BUSINESS OFFICES

30 N CHANCELLOR STREET
NEWTOWN, PA 18940

Dear Parents and Guardians,

As we prepare for the upcoming school year, we would like to inform you of an important requirement for your child's mathematics class. To ensure that all students are equipped with the necessary tools for their coursework, we are asking that each student have a specific model of calculator. Please refer to the below list of courses, the required calculator and possible ways to purchase online:

Course	Required Calculator	Ways to purchase online
Academic Math 7	TI-30XIIS	Staples , Amazon
Honors Math 7	TI-30XIIS	Staples , Amazon
Academic Math 8	TI-30XIIS	Staples , Amazon
Honors Algebra 1	TI-84 Plus	Staples , Amazon
Honors Algebra 2	TI-84 Plus	Staples , Amazon

(Please do not buy the TI-83 or TI-89)

If your child already has a TI - 83 calculator, you do not need to buy another one. We will do our best to accommodate students with that version, but instruction will be done using the TI-30XIIS or TI-84 Plus.

We realize the ***TI-84 Plus*** is a substantial investment in your student's education. However, the expenditure of about \$100 provides your student with a powerful learning tool, which will be used for all mathematics courses moving forward. With the next three months to purchase these calculators, we hope that financial difficulties will be lessened.

We have a very limited number of calculators to lend to students who cannot afford to buy one. These will be distributed first to students who qualify for the free or reduced price lunch program, then to others on a first-come basis.

Finally, please turn in your proof-of-purchase certificate to your student's math teacher. By accumulating these, the school can receive free equipment.

Sincerely,

The Council Rock School District Math Department
